

Babywearing mama

Hello dear crochet- & babywearingfan,

In front of you is the crochet pattern for a babywearing mom with a baby, and different babywearing methods. Choose your favorite babywearing way and put these in sight as a lovely reminder of you babywearing days.

My name is Charlotte, in addition to businesswomen, wife of and mother of a son and daughter, I am a babywearingmom, babywearingconsultant and crochet fanatic.

Because of my expertise in SSC's I started designing, a crocheted carrier had to come off my hands. But he, what is a baby carrier without a baby or a mom. The search for the right dimensions & proportions was born. Together with the testers we have put the finishing touches on the pattern and the result is in front of you.

Over the years I have read and made lots of different crochet patterns. As a result, I have developed my own style and preference. I always read a pattern first and add the round numbers that are not yet in it. These are already in there.

I don't like the stitching of the loose parts afterwards and I don't always like them. I have done this beforehand and made sure that you crochet this with the bodies of mom and baby.

This way it is more pleasant for yourself and safer for your little one, should he or she ever get it. Please note: it is not and will **not** be a children's toy.

The pattern is made for experienced and advanced crocheters. Anyone can do it! If you have any questions, please contact me. Then we'll look at a solution together. Lots of crochet and have fun with this pattern.

Do you put a beautiful creation of this pattern online, do you call Drogen geeft Plezier? Then I'll enjoy it with you.

Kind regards, Charlotte

Stitches

SC	Single Crochet	Insert your hook into the indicated stitch, wrap the yarn over the hook and pull it through the stitch (two loops remain on the hook). Wrap the yarn over your hook again and pull it through these two loops to complete the stitch.
hdc	Half double crochet	Wrap the yarn over your hook from the back to front. Insert the hook into the indicated stitch, wrap the yarn over the hook and pull it through the first loop (three loops remain on the hook). Wrap the yarn over your hook and pull it through all three loops on the hook.
dc	Double crochet	Wrap the yarn over your hook from the back to front. Insert the hook into the indicated stitch, wrap the yarn over the hook and pull it through the first loop (three loops remain on the hook). Wrap the yarn over your hook and pull it through the first two loops on the hook (two loops remain on the hook). Wrap the yarn over your hook once more and pull it through both loops on the hook to complete the stitch.
sl st	Slip stitch	Insert your hook into the indicated stitch wrap the yarn over your hook and pull it through the stitch and the loop on the hook.
ch	Chain	Wrap the yarn over your hook from back to front and pull it through the loop on your hook.
BL	Back loop	Only crochet in the back loop(s)
FL	Front loop	Only crochet in the front loop(s)
MR	Magic ring	Loop around your finger and pull up the thread through the inside of the loop and pull the thread through the loop. This is the beginning of your magic ring. Pull on the loose wire and you'll see what happens? Over the two wires you have you make the required number of sc for your work. Pull thight it on and you've got a round Close the magic ring and crochet the tread along with the rounds.
Inc	Increase (2sc)	2 single crochets in the same stitch
dec	Decrease (-1sc)	Begin by working as a single crochet (sc) (two loops on the hook). Then insert your hook into the following stitch, wrap the yarn over your hook and pull it through the stitch only (three loops on the hook). Wrap the yarn over the three loops on the hook to complete the stitch.

Rounds

This pattern is worked in rounds, a spiral. You don't turn your work when working in rounds. You simply continue and mark the first stitch for every new round. This way you know exactly where your round started.

Arms

Start with hook 2,5mm and Abricot

Round 1 start 6 sc in a magic ring = 6

Tip: close the magic ring and crocheted the tread along with the rounds.

Round 2 [1sc, inc in 2nd] x3 = 9

Round 3 sc in all 9 st = 9

Round 4 [2sc, inc in 3rd] x3 = 12

Round 5 sc in all 12 st = 12

Round 6 [2sc, dec 3rd & 4th] x3 = 9

Fill: Just fill the hand.

Changing color

1. With the last sc of the previous round, don't complete the sc completely. pull the thread through the loop, pull the thread back, you now have a loop, now put the next color on your crochet hook and pick-up the next loop with your crochet hook and pass the thread through both loops. Your next color is on top.
2. Crocheting the remaining color changed thread, this saves you hiding ends work. At the next round you crochet these threads immediately. Pick up the loop put the threads on your work and finish the sc. Continue this until the end of the threads. At the end of your project, you won't see it.

Sleeves:

- No sleeves, continue with Apricot
- Short sleeves, switch to Green at round 16
- Long sleeves, switch to Green at round 6

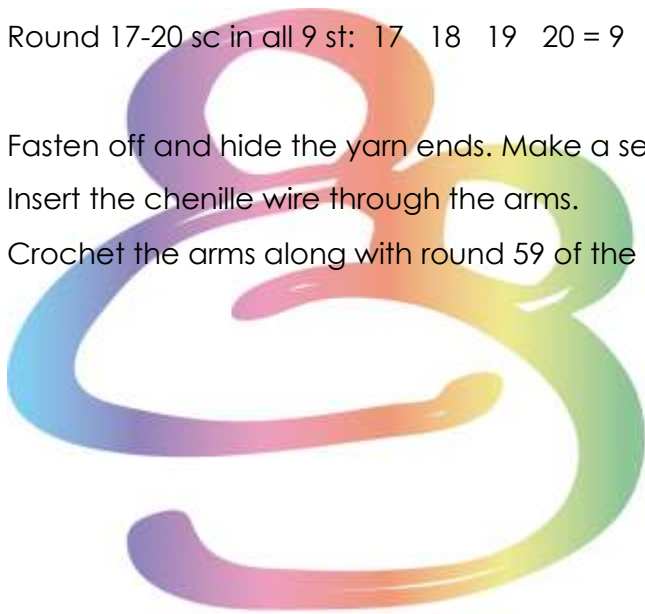

Round 7-16 sc in all 9 st: 7 8 9 10 11 12 13 14 15 16 = 9 Toer 7 - 16

Round 17-20 sc in all 9 st: 17 18 19 20 = 9

Fasten off and hide the yarn ends. Make a second arm.

Insert the chenille wire through the arms.

Crochet the arms along with round 59 of the torso.

Decrease

Begin by working as a single crochet (sc) only through the front loop. Then insert your hook into the following stitch through the front loop, wrap the yarn over your hook and pull it through the two front loops only (three loops on the hook). Wrap the yarn over the hook again and through the loops on the hook to complete the stitch.

Crochet arms and legs

You need a 2nd crochet hook for convenience, preferably one smaller than your crochet already with. This way you can easily pick up the loop you are going to crochet with.

- Determine the right place for your arm(s) and legs.
 - This is indicated in the pattern.
- Put the leg against your work, against the outside
- Insert the (other) crochet hook through both opposite stitches of the arm or leg
- Through the stitch of your work
- Pick up the loop on the inside of your work and pull the loop through all the stitches
- Place the loop over the crochet hook of your work and complete the stitch.
- Proceed to the next sc and repeat the steps above
- This way you continue until you have the entire arm or leg (3á4sc).
- Continue the round and hook the second leg or arm with it and your round is finished.

Congratulations. You're all set now!!

If you've made everything, you can change it up. How to put everything on?

Wrap

- Fold the wrap in half for finding the middle
- Put baby in, with baby facing mom,
- Place the middle of the wrap on the back of the baby
- Place the loose straps under the armpits of mom and cross on the back over the shoulders
- Make a cross under the bum and go back to the front, tie a double knot.

Ringsling

- Put the oblique end through both rings
- Open the rings
- Bring the oblique side back over the 1st ring and through the 2nd ring
- now you can adjust it, so the baby can sit in it
 - *(beware of the opening of the keyring it may linger in your crochet piece)*

Meh Dai

Front carry

- Tie the waistband knot on the mom's back
- Put baby in, with baby facing mom,
- Place the Meh Dai's back panel over baby's back
- Shoulder straps go over mom's shoulders, crosses and back forward,
- Under the baby's bum, fasten the shoulder straps with a double knot.

Back carrying

- Tie the waistband knot on the mom's belly
- Place baby, facing mom's back,
- Place the Meh Dai's back panel over baby's back
- Shoulder straps go forward over mom's shoulder, cross and backward
 - *We don't usually cross on the chest. Crossing prevents the arms of the babywearing mama from being pulled back unnecessarily.*
- Under the baby's bum, fasten the shoulder straps with a double knot.

Onbuhimo

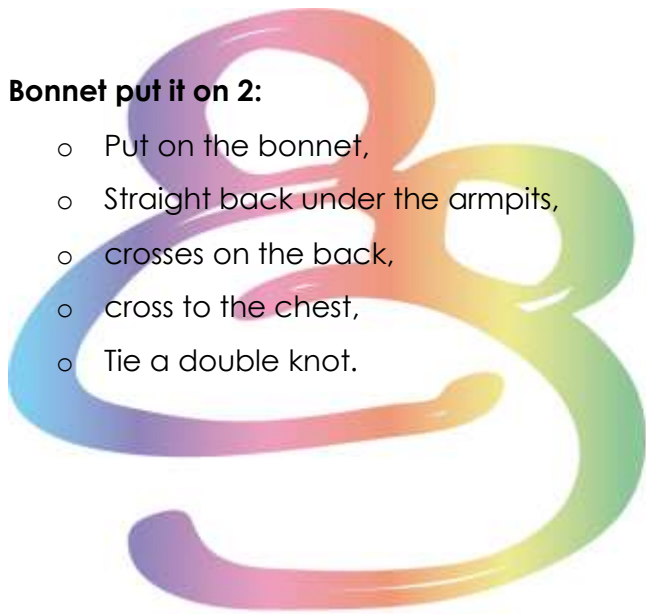

- Put the baby with his back into the Onbuhimo
- Place the baby in the Onbuhimo on mom's back as follows:
- Put the mom's arms through the shoulder straps
- Position baby well on mom's back

Bonnet put it on 1:

- Put on the bonnet,
- crosses on the chest,
- under the armpits trough to the back,
- Tie a double knot.

Bonnet put it on 2:

- Put on the bonnet,
- Straight back under the armpits,
- crosses on the back,
- cross to the chest,
- Tie a double knot.
